Hosted by: Chicago Police Department

The National Polygraph Academy (NPA) was founded with the objective and mission to provide first class polygraph training to qualified, highly motivated persons in law enforcement, governmental organizations and the private sector.

The week starts with a focus on all things DLST, including proper use and introduction of DLCs. The training continues with a thorough review of TDA methods, decision rules and scoring exercises. The later half of the week addresses effective PLC strategies, TQC exercises, post test approaches, and a refresher on CM signatures and detection methods.

This training will satisfy the continuing education requirements of the American Polygraph Association and American Association of Police Polygraphists.

Registration: \$595

Individual course participants and hours attended will automatically be reported to the APA National Office for CEU credits.
