

# NATIONAL POLYGRAPH ACADEMY

## SPECIALIZED SEX OFFENDER TESTING

A ONE-WEEK SPECIALIZED COURSE

LAFAYETTE, IN

**MARCH 18 - 22, 2024 (1 WEEK)**

**Hosted By:**

**Lafayette Police Department**

The National Polygraph Academy (NPA) was founded with the objective and mission to provide first class training to qualified, highly motivated persons in law enforcement, governmental organizations and the private sector. The academy is offering this specialized 40-hour training class to better prepare examiners in testing individuals accused of committing sexually related crimes. Emphasis is placed on both pre and post-conviction criminal offenses. Law enforcement and private examiners will be trained to understand the mindset of individuals that relate to the motivation of sexually based offenses. Special emphasis will be placed on conducting criminal specific polygraph examinations, as well as proper polygraph protocols. The class will also provide training related to the tactical polygraph screening exam to assist in ICAC investigations. The training will focus on the unique issues relating to individuals accused or convicted of sexual offenses.

The course will include a discussion of the different types of PCSOT exams, question formulation, test construction, and the interdisciplinary relationship between supervision, treatment, and polygraph examiners. The requirements of the APA model policy for PCSOT testing will be discussed. Students may sit for the APA recognized examination at the conclusion of the training. Upon successful completion of the examination students will be issued a certificate from the NPA.

This course is approved by the American Polygraph Association and meets the requirements for members to conduct PCSOT exams in compliance with the model policy and the APA standards of practice.

**Registration Fee: \$495**
